"The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgement are affected, and many an evil deed or impure thought must be directly traced to the impurity of the blood. Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It enriches and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by inclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of *unknown composition* as a substitute for "Golden Medical Discovery," which is a medicine OF KNOWN COMPOSITION, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

TORTURED TO DEATH.

As was stated in the Gazette, five people, members of the sect of Parhamities, are under arrest in Zion City accused of torturing to death Mrs. Letitia Greenhaulgh, 64 years old, to show their belief in the religion they profess.

The people under arrest are Walter and Jennie Greenhaulgh, the son and daughter of the woman; Harold Mitchell, Mrs. Harold Mitchell and Mrs. Smith. All of them are accused of manslaughter.

Mrs. Greenhaulgh had been for 20 years an invalid, suffering from paralysis and rheumatism.

The sect of Parhamite was founded about a year ago by Charles F. Parham and numbers about 200. The members of the sect orginally belonged to Dowie's church, and believe in the gift of tongues, and especially in diabolical possession of the body by evil spirits.

The condition of Mrs. Greenhaulgh convinced her son and daughter and the three persons arrested with them that she must be possessed of the devil, and they determined to exorcise the evil spirit. The five knelt by the bedside, and after prayer, commenced their work. The arms of Mrs. Greenhaulgh stiffened by rheumatism were jerked and twisted about in order that the devil might be driven out. The cries of the aged woman were considered to be those of an evil spirit and were greeted with triumphant shouts. After a course of this violent treatment Mrs. Greenhaulgh not only became so weak that she could not use her limbs, but became incapable of making any motion. Then her neck was twisted and for some time this treatment was kept up.

Walter Greenhaulgh testified at the coroner's inquest that Mitchell and his wife recently had a "vision" in which Mitchell was ordered to quit work and devote his time to casting out demons from the sick.

Mrs. Smith's part in the treatment, according to the testimony before the coroner's jury, consisted in raising Mrs. Greenhaulgh's head, and holding her while Mitchell and his wife attempted to straighten the woman's limbs, which had been twisted for years by rheumatism. The tortured woman bore the treatment bravely, but at last the agony became so great that she could not restrain herself and shrieked, "Oh Lord, help me," a number of times. According to Greenhaulgh, Mitchell declared that her cries must not be heard by outsiders and he put his hand across her mouth to smother them. The five worked over the victim until she died shortly before noon. After that, according to Greenhaulgh, Mrs. Smith became the leader in a "resurrection scene." In this efforts were made to restore the dead woman to life. When these had failed the announcement of her death was made.

Attack of Diarrhoea Cured by One Dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

I was so week from an attack of diarrhoea that I could scarcely attend to my duties, when I took a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It cured me entirely and I had been taking other medicine for nine days without relief. I heartily recommend this remedy as being the best to my knowledge for bowel complaints.—R. G. RESCUED BY MINISTER.

Miss Belle Crouse, daughter of Rev. N. P. Crouse, pastor of the First Presbyterian Church of Stanhope, N. J., was literally forced to the Methodist Parsonage in Asbury Park Thursday afternoon by her frantic lover, Percy C. Bissell, who at the point of a revolver demanded that she marry him.

When the couple came before Rev. C. M. Giffin, pastor of the First Methodist Church in Asbury Park, and he had begun to ask the usual questions, Miss Crouse broke down and begged the minister to save her from Bissell, who, she said, had a revolver in his pocket and had threatened to shoot her unless the ceremony was performed. Immediately Dr. Giffin, greatly agitated, threw his arms around the ardent lover and held him fast, while Miss Crouse made good her escape from the parsonage. She had no sooner reached the boarding-house in Ocean Grove, where she was stopping with her parents, than Bissell reappeared and broke through a window into the house. He demanded to see Miss Crouse, but was told that she was out. Later the young man was overhauled by a policeman and taken to one of the outgoing trains. It is presumed he returned to his home in Stanhope.

The Crouses, it appears, had discovered that Bissell, who is a member of the Stanhope Presbyterian Church, is a gambler, and on this account their daughter severed a growing intimacy with the young man who is a student in the State Normal School at Trenton.

She wrote him a letter, in which she refused to have anything more to do with him, and then went down to Ocean Grove with her parents to escape the hubbub, all Stanhope having heard of the affair. When Bissell got the letter he followed the Crouses, after having ascertained in Stanhope that they had gone to Ocean Grove.

Late Thursday afternoon the young man met Miss Crouse in the street, and excitedly demanded that she marry him immediately. Miss Crouse refused point-blank to accede to the request and attempted to reason with him. Bissell took from his pocket an ugly looking revolver and showed her the cartridges.

Miss Crouse, alarmed, finally consented to go to Rev. Mr. Griffin and be married. Bissell called a hackman, and, with the young lady, was driven to the parsonage.

The minister had inquired their ages, and was about to go on with the marriage when Miss Crouse broke down and told him the story related above.

WAR ON OPEN SHOPS.

Another effort will be made next week by the grievance committee of the building trades of Washington to break up the "open shop" which the Employers' Association claim is firmly established as the result of the recent action of the association in bringing nonunion bricklayers, carpenters, plasterers and other mechanics to Washington to take the place of strikers who refused to work with nonunion men. Some time ago the international officers of 17 trades met in Washington and asked for a conference with the Employers' Association. The association in reply stated that there was nothing to confer about, and following this a sympathetic strike was ordered against certain but not all the contractors who made up the association. The association claims that it has been able to secure all the nonunion workmen it desires and has not been embarrassed by the sympathetic strike.

Health in the Canal Zone.

The high wages paid makes it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, billiousness, weakness and all stomach, liver and kidney troubles. Guaranteed at E. S. Leadbeater & Son's drug store. 50c.

SATURDAY EVENING, SEPT. 21, 1907.

ACCORDING to a dispatch from Pittsburg, Pa., ten dollars a day is the wage offered to men who will volunteer to murder Pittsburg's millionaries and burn their homes. To secure volunteers a notice was yesterday posted on the fence surrounding the old cathedral site, now owned by H. C. Frick. The appeal for blood was posted directly opposite the Frick building. The notice was worded as follows:

Anarchists, Notice: Murder the rich and burn their homes. Too long have the working people of this city been trampled on by the rich. How easy it is for them to enjoy wine, women, and song, when they grind out the lives of the poor to add to their riches. How easy it is for them to buy flowers and enjoy themselves by sacrificing men's lives. Join with us and redress your wrongs. We want agents to murder the rich and burn their homes. Wages, $10 a day. If you are the right kind of a man go to the corner of Wood street and Fifth avenue, and a man will give you the proper sign.

Why the authorities do not corral all individuals who are preaching assassination in this country is hard to understand.

JUDGE THOMAS W. HARRISON, of the Circuit Court, has established the whipping post at Woodstock, in Shenandoah county, and for the first time in the history of the town convicts in the jail have been forced to work on the streets. Four convicts from Winchester, now in the Woodstock jail, were put to work on the streets. One of them, a negro, rebelled and cursed the officers. Judge Harrison directed the jailer to give the refractory prisoner 40 lashes on his bare back. The man returned to work. With few exceptions the prisoners in all the jails should be compelled to work, but the whipping post should not be only for those who refuse to do so. The jails would have fewer prisoners if petty thieves, wife beaters and other vicious persons were properly whipped instead of being confined at the public expense.

THE London Church Missionary Society has received information that it is estimated that 2,000,000 persons perished by famine in Kiang-Su and neighboring provinces during the first six months of this year. The starving people have been reduced to subsisting on leaves and grass, and are even eating white clay. There are many chronic complainers and murmurers in this country, most of whose carpings are superinduced by annoyances and not serious calamities, which beset some other climes. Those who read the above instead of being active in propagating the seeds of discontent, should render thanks that their lot has been cast in a land the inhabitants of which have been blessed in basket and store.

IMMIGRATION to America, according to present indications, will be heavier this year than ever before in the history of the country. During August admitted aliens from all countries numbered 98,825 an increase of 21 per cent. over August, 1906, and 56 per cent. over August, 1905. During the last six months the total immigration from all countries was 819,951, an increase of 14 per cent. over the same period last year. The immigration from Russia is increasing and is greater in number than from any other country. One of the great dangers threatening this country now is the number of "undesirable citizens" who are flocking to its shores. Every precaution should be taken to prevent the landing of such immigrants.

A YOUTH named William Kammann, who resides in Paulsboro, N. J., is in jail a raving maniac. Kammann is a victim of dime-novel reading. The unfortunate youth has a mania for card playing, disrobing and demolishing tables in dining rooms. It has often been observed that the printing press, while a blessing to some is a curse to others. The world is kept flooded with flimsy reading matter which is devoured by young and old alike. The taste for history and the higher class of literature having been stunted by cheap novels and similar publications, instances similar to the above are becoming common.

GENERAL OLIVER, the acting Secretary of War, denies the report emanating from Montgomery, Ala., to the effect that the War Department had refused to grant to the daughters of the late General Joe Wheeler the privilege of putting his rank in the Confederate army on his monument in Arlington National Cemetery. All sensible people will be glad to learn of Gen. Oliver's denial.

SENATOR Bankhead, of Alabama, declares that there is no need to change the Constitution "to fit the policies of the President." Nor of any one else. Changing constitutions is almost as dangerous an undertaking as can be engaged in.

TODAY occurs the autumnal equinox, when the days and nights are of equal length, and, according to the almanac, fall begins. If the almanac did not so state no one would believe that this is a fall day.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Sept. 21.

The report that Wu Ting Fang will probably be returned to the United States, as Chinese minister, was received here with unusual interest. Wu is the most popular diplomat that ever struck town. He made a hit with all classes, from officials of the administration to summer girls at Atlantic City. No social function at the capital was ever considered quite complete without the presence of this artless, but entertaining Celestial. Despite his butterfly air, Wu accomplished more for China while he was here than any other representative from that country. He was greatly admired by the Secretary of State, John Hay, who was amused rather than shocked by some of the unconventional methods he employed. When Wu appeared before an appropriations committee at the Capitol, on his invitation, and proceeded to lecture the members on their duties, he fractured all precedents. Other diplomats threw up their hands in horror. Wu was very sorry, he really didn't know any better, so was forgiven. Probably his greatest service was during the siege of Pekin by the Boxers, when he got through the first cablegram to the government announcing the safety of minister Conger and the other imprisoned diplomats.

In answer to a complaint to W. F. Roberts, commander of the Missouri Naval Reserves, that the U. S. S. Huntress which was recently turned over to that organization at Pensacola was in poor and unseaworthy condition and without ammunition, it was stated at the Navy Department today the ship on inspection showed herself to be in fair condition and the department deemed her suitable for the work desired of her in the Mississippi.

Beginning with Tuesday, October 1, balloon work is to be taken up with all earnestness by the army and a regular balloon corps will soon be organized. A drill will be given on the vacant lot adjacent to the gas works at Twelfth and M streets southeast, the new big army balloon America, being the subject of the drill. On Tuesday a class will be given their first experience in ascension. This will be the first of a series of flights to be made in this city within the next three weeks.

"I am able to look at life from the natural aspect at last" was the response Secretary of State Root made when he was welcomed back to his office today. Thoroughly Muldooned the Secretary has a clear eye, a ruddy face and a firm grip. Among the Secretary's first callers was Sen or Godoy, charge de affaires, who came to arrange for the Secretary's trip to Mexico.

Full military honors were accorded at the funeral this afternoon of Rear Admiral John G. Walker, who died Monday night at York Cliff, Me. There was a fire at an early hour this morning on the second floor of Parker & Bridget's place. The damages was $5,000. An oil mop, carelessly protected, is believed to have caused the blaze.

NO TROUBLE IN ROME.

Armed men in the service of the Pope were on guard all day long at the entrances of the apostolic palace and the Vatican at Rome, but there was no active outbreak of anti-clercial sentiments as was anticipated, and September 20, the thirty-seventh anniversary of the occupation of Rome by Italian troops and the fall of the temporal power of the papacy, passed without the fulfillment of any fears entertained by the Vatican that the Italian people would show by deeds of violence their ill feelings against the church.

There were two big parades yesterday afternoon through the streets of the city, and the red shirts of the Garibaldian veterans were conspicious in the throng. The first parade was official, and composed of the members of 50 local associations. The leaders laid wreaths upon the tombs of Victor Emmanuel II, and King Humbert, and decorated with flowers the tablet at the Porta Pia, which commemorates the entry of the Italian troops in 1870. The other parade was popular and unofficial. It marched past the Capitol, carrying banners inscribed with anti-clerical sentiments. Returning the crowd raised a red flag over the equestrian statue of Marcus Aurelius.

During the day the police seized a number of antimonarchist proclamations and the walls of the city were placarded with appeals to the people to "complete the anti-clerical victory at the coming muncipal election."

STRANGLED TO DEATH.

Miss Lillian White Grant, a kindergarten teacher in the Chicago public schools, was found dead in bed yesterday, and the indications are that she was murdered. The room showed signs of a struggle, and around the woman's throat was a tightly twisted piece of linen, with which she had been choked to death.

Mrs. Grant's pocketbook, rifled of its contents, was found later in the day in the office of a physician, 50 blocks distant from the house in which she lived. The police are looking for a colored man who did work around the neighborhood, on the theory that he is the murderer. A post mortem examination revealed that the woman's neck had been broken by the cloth wound about her throat and that there were deep marks of fingers on the neck.

The murderer obtained a good start before the crime was discovered. Mrs. Grant intended to move, and had engaged 2 men to carry her away furniture. One of them went to the room Thursday morning, and seeing the body lying across the bed hastily withdrew. Yesterday he went to get the furniture and finding the body in the same position notified the police. It is believed that the woman was strangled Wednesday night.

James Kelly, the oldest resident of Rochester, N. Y., died there this morning, aged 104 years. He was born in Augustinfin, county Down, Ireland, and came to this country in 1841.

News of the Day.

Dorothy Russell, the actress, daughter of Lillian Russell, will be operated on at Good Samaritan Hospital Cincinnati today. The operation is a minor one, and surgeons say will not endanger Miss Russell.

Another change was made by the Japanese Foreign Office yesterday. It decided that Ambassador Aoki will remain at Washington. Baron Tsudzuki, now Japan's Hague delegate, suceeds Ambassador Inouye at Berlin.

The strike of shoe cutters, instituted in St. Louis Thursday, resulted in a general strike of shoe workers yesterday, and 18 shoe factories in St. Louis, employing nearly 30,000 workmen, are idle. The general strike yesterday was called in sympathy with the shoe cutters' strike. The lasters, edge makers, trimmers, bottomers, stock fitters and stichers, who have walked out in sympathy with the cutters are only partially organized. They have formulated no bill of grievances against the companies, but it is probable they will make demands as a consideration for returning to work.

STANDARD OIL COMPANY.

Records of the stockholders of the Standard Oil Company of New Jersey, laid bare in New York yesterday at the hearing of the government's suit for the dissolution of the alleged oil combine disclosed the fact that John D. Rockefeller owns 247,692 shares, or nearly five times as much stock as any other individual shareholder, and that he and his associates who signed the trust agreement in 1882 still control a majority of the Standard Oil stock. Measured by the present market price of $440 a share, the holdings of Mr. Rockefeller in the Standard Oil Company have a value of $109,000,000. The stockholders record of August 17, 1907, shows that the University of Chicago is the owner of 5,000 shares of Standard Oil stock.

The depreciation in the price of Standard Oil stock within the past 10 years, about the time the agitation against the company began, has been more than $400 a share. Since the legal proceedings against the Standard Oil Company of New Jersey were instituted the stock has steadily declined until it is now around $440. This represents a loss of over $100,000,000 on the holdings of John D. Rockefeller. The shrinkage in the market value of the stock also affects the University of Chicago to the extent of about $2,000,000.

Some interesting facts concerning the conduct of the marketing of the Standard's product were developed yesterday when it was testified by Mr. Tilford that a committee controlled the domestic trade. Mr. Tilford stated that the United States was apportioned in districts and that the selling companies assigned to those districts confined their operations to the territory assigned to them.

The accountants for the government now at work preparing data will be ready to report next week. Their report, it is declared, will enable the government to develop in the hearing that since the inception of the Standard Oil trust in 1882, up to the present time, the total profits of the oil combine have been between $800,000,000 and $900,000,000.

PIECES OF COMET?

Residents of the borough of Camberwell, which is in the southeastern part of London, are perturbed over a remarkable phenomenon, the occurrence of which is attested by several eyewitnesses, who say that at 9 o'clock yesterday morning three bright, starlike objects fell from the heavens, impacting on the street with three sharp detonations louder than pistol shots. The road shows traces of the impact.

The paving stones are indented and scorched. An eyewitness picked up a number of chrome-colored lumps resembling rusty iron, and burned his hands painfully in so doing. According to his story, the largest lump was three-quarters of an inch by half an inch in size. But in a few hours it crumbled into smaller particles or partly disappeared by radiation.

Among the various theories of the phenomenon that are advanced is that these bolts from the blue are some of the wreckage left behind by the comet which was recently visible to the naked eye, and through whose train of countless fragments the earth passed on September 12. A mystifying feature of the particles that have been saved is their greasy nature. They show greasy patches through the paper in which they are wrapped.

ELEVEN MEN KILLED.

By the plunging of a cage 275 feet down the shaft of the Jones and Laughlin Steel Company's mine at Negaunee, Mich., yesterday 11 men were killed and seven fatally injured.

The cage was making its first descent for the day when the brake on the hoisting drum gave way. Two other men sprang to the assistance of the one at the brake wheel, but their combined efforts did not avail, and the wire cable continued to unreel from the drum like a weighted thread from a lubricated bobbin. The cage shot down 200 feet before a kink in the rushing cable caused it to part. Then the cage dropped to the bottom of the shaft, the safety catches failing to separate. The surging of the cable in its mad flight tore out part of the side of the enginehouse and ripped out several sheaves about the shafthouse.

Thousands of persons soon congregated about the mine shaft. In the crowd were wives and children of the 200 men employed in the mine and many heartrending scenes were enacted.

ASTONISHING RESULTS

Follow Each New Discovery of Science.

The great strides that medical science has made in the last few years is due to the germ theory. When the germ of a disease has been discovered, the doctors have not been slow in finding a drug to kill it. In a few years it will be rare to find a bald-headed man or woman. The falling out of hair is due to a dandruff germ, and now is has been discovered how to kill the germ. The remedy used is called Newbro's Herpicide. Its success has been marvelous. Not a failure has been so far reported. It is also a delightful hair dressing free from oil or sticky substances. Try it and be convinced of its actual merit. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes—50c and $1.00. E. S. Leadbeater & Sons, Special Agents. 55

MARRIED.

At the residence of her parents, Mr. and Mrs. H. W. Wildt, on September 18th, by Rev. Edgar Carpenter, of Grace Church, Miss LILLIA A. WILDT, to Mr. CHESTER A. GWINN, of Missouri.

Virginia News.

J. Barry Mahool, mayor of Baltimore, was elected president of the League of American Municipalities at the closing session of the annual convention, held at Norfolk yesterday.

At "Jackson's Rest," Prince William county, on Thursday, September 19, Mary J. Mathew and Mr. Roland L. Davidson, of Washington, were united in marriage by Rev. T. D. Clark, of Manassas.

The case of the United States against the Virginia-Carolina Chemical Company and certain of its officers, who were indicted for an alleged violation of the Sherman anti-trust law, will come up in Norfolk next Tuesday before United States District Judge Waddill.

Mr. and Mrs. John H. Alexander, of Leesburg, have announced the engagement of their niece, Miss Mary Rogers Alexander, to Mr. Harry Lee Goldfield, of Wheeling, W. Va. The ceremony will take place in Leesburg at the bride's home on Wednesday, October, 23d. Miss Alexander is a daughter of the late William R. Alexander, of Winchester.

Earle Norton, special Chesepeake and Ohio detective, was at Staunton yesterday having in charge J. M. Shumate, of Augusta county, who is alleged to have robbed the Adams Express Company, while engaged as agent on several railway lines in the State. Shumate was arrested Thursday afternoon at Mount Sidney, Augusta county, and sent to Richmond for trial today.

The coroner's jury engaged in investigating the murder of Mrs. Mary Lawless Rorschach, wife of Lieut. Frank Rorschach, United States navy, who was shot in her home by some unknown person early in the morning of Tuesday, September 10, held another session last night in Portsmouth and again adjourned, to meet again next Friday. It is not known what new evidence may have been unearthed at the hearing, as all witnesses were examined behind closed doors and bound over to secrecy.

The dropping of a broken beam on a coal car caused a serious freight wreck Thursday night on the Southern Railway, fifteen miles south of Lynchburg. J. M. Thomas, who was on his way to Danville, riding on a coal car, was seriously injured, but no trainmen were hurt. Thomas was dug out of a coal pile in an unconscious condition. He was revived and sent to his home at Fort Myer Heights, Alexandria county. The track was torn up for several yards, and traffic was blocked ten hours.

George A. Peters, who was to have been hanged at Hillsville, yesterday, for the murder of Rev. Joseph Easter, a Dunkard minister, has been respited for thirty days by Governor Swanson, who will be petitioned by commute the sentence to life imprisonment. Peters was a whisky "blockader" and killed Easter because of the latter's warfare against the "blockaders" of the mountains. There is an impression at Hillsville that Peters was merely the tool of other men who had planned to get rid of Easter and upon this ground the petition for commutation is receiving signers.

When the General Assembly meets in January it will be called upon to increase the amount of salary or income which is exempt from taxation. The law requires that all who receive more than $600 a year shall pay an income tax of 1 per cent. The law is not observed with any degree of uniformity, there being many who evade the law by declining to answer or forgetting to see that section of the tax list. Grand juries have been considering such cases in many sections of the State, the result being suprising, the taxpayers in many instances having come forward with the request that they be allowed to amend their returns. The new law will place the sum to be exempt from $1,000 to $1,200.

ST. JOHN'S CHURCH WINS.

The vestry of St. John's Protestant Episcopal Church in Richmond is in control of the property on which the church stands and also of the lots immediately to the rear of the church. The decision was pronounced yesterday by Judge John H. Ingram, of the Law and Equity Court.

The case came up on a motion for an injunction to restrain the vestry from building a memorial hall on the lot. The council passed an ordinance refusing the right to the vestry, and the vestry, acting under the advice of Judge David C. Richardson, began the preparation, and the foundation was begun. Then the application for the injunction was made and the latter argued at great length.

Judge Ingram delivered a lengthly opinion, in which he held that the city had never had control of the lot in question. The court held, however, that if a building were erected and any of the graves were covered the church would be required to mark the places with tablets or in such manner as to indicate where the bodies had been placed. This is one the most historical churches in America, being the one in which Patrick Henry made his famous speech.

COMMISSION FOR LYNCHBURG.

A special committee appointed last spring by the Lynchburg City Council to consider the question of having the affairs of the city administered under a board, after months of study and consideration, has unanimously decided to recommend to the City Council that all of the boards, excepting the School Board, be abolished and that a commission of three, with the Mayor as its ex officio head, be provided for by a legislative amendment to the city charter.

It is proposed to model the commission largely after the commissioners of the District of Columbia and all of the administrative functions of the municipal government are to be left to it.

The committee will also recommend that the work of the police court be separated from the duties of the Mayor in order that he may give his full time to other duties of his office. There is hardly a doubt but the recommendations of the committee will prevail in both branches of the Council. The commission cannot be provided for until the General Assembly will amend the city charter next winter.

Today's Telegraphic News.

Alleged Strangler.

Zion City, Ill., Sept. 21.—By his own confession, Harold Mitchell, chief torturer at the death of Mrs. Letitia Greenhaulgh, aged and paralytic victim of the cruelties practiced by five Parhamites to expel "demons," is a strangler.

Enough testimony was adduced by Coroner Taylor and Deputy Coroner Conrad in two hours to convince them that many deaths in Zion City that should have been investigated have been hidden by a cloak of religion.

On Mrs. Greenhaulgh's throat were found bruises made by fingers so strong that they almost burst the flesh.

The testimony showed that another victim, a Miss Young, who was choked to exorcise "demons," died several days after Mitchell administered the treatment.

It was shown that Mitchell's recent "patients," among whom were the 12-year-old son of Mrs. Louisa Schmidt, Mitchell's "chanter in tongues;" Hiram Annas, 16 years old, who suffered blood poisoning from a fourth of July accident, and an unidentified 9-year-old boy, whom Mitchell caught chopping a walk with an axe, and clutched him by the throat to choke the vandal "demon" out of him.

On the stand, Mitchell confessed that at times he is seized by a bad spirit which causes him to grasp people by the throat. In the case of Mrs. Greenhaulgh he said it made him strangle her. When he felt his fingers on her soft throat, he said, the spirit forced him to crush the bones of the larynx.

"As long as it moved under my fingers," he said, "I felt I had the demons and had to squeeze to get them out. Now, I know I did wrong, but the devil had me in his power and I had to."

Coroner Taylor and State's Attorney Hanna say they have proof that dying persons have been tortured and their bodies kept for days in the hope that prayers, chanting "the gift of tongues" and incantations would restore them to life.

In almost every case objections of the officials to the holding of corpses has been met with the reply that the miracles of "raising the dead" were accomplished only after three days. Jennie Greenhaulgh, lying face downward on a bench in her cell, moaned:

"They bent her legs till they broke. Mitchell put his hand over her mouth when she tried to call us. When they tortured her we ignored her cries."

Mother Protests Innocence.

New York, Sept. 21.—Protesting her innocence of any murderous intent in shooting her young son, Curt, Mrs. Margaret Klein today told the police that the shooting was purely accidental, despite the fact that neighbors insist that she attempted to commit suicide after a quarrel with her husband and the son was shot while trying to wrest the gun from her. Mrs. Klein insists she was discharging a revolver in honor of the Italian celebration on the East side, and that she supposed all of the shells had been discharged. She then pointed the revolver at her sixteen-year-old son, as, she explains it, "to see him jump," and was horrified to find she had overlooked one bullet, which lodged in the lad's head. Despite her explanations, however, she has been held to await the outcome of the boy's wound, which is very serious.

The Hall Divorce Suit.

London, Sept. 21.—Major Charles Spencer Hall, of the British army, will not, it is announced, oppose the divorce suit his wife, Mrs. May Brady Hall, has begun against him at Newport. The Halls lived together but a few months and it has been no secret that their marriage was an unhappy one. Major Hall is understood to have known that his wife would seek a divorce as soon as she had established a residence in Rhode Island. Service has already been obtained upon the major, who was Mrs. Hall's second husband. The wife, a daughter of Judge J. R. Brady, of New York, was first married to Charles Albert Stevens, of Hoboken. He died in 1901. The widow met Major Hall in a London hotel a few months later, and their marriage followed in 1904.

The Lusitania.

New York, Sept. 21.—At the height of flood tide the Cunarder Lusitania will essay the outward passage of the new Ambrose channel this afternoon on her first eastward trip. Until she is clear of the hook officials of the line and the engineers who constructed the new shortcut from the ocean to the upper bay will not breathe very freely. The channel ranges from 35 to 40 feet deep and the liner, with stores and passengers aboard, scales exactly 34 feet 3 inches draught. She will be warped out of her deck at 3 and an hour later will push her nose through the new lane. For three days government engineers and Pilot George Young, who is assigned to take her out, have been making a personal survey of the route and Young declares she will make the passage in perfect safety.

Crushed to Death by Elevator.

Newark, N. J., Sept. 21.—Rudolph Peters, an employee of the Standard Plunger Elevator Company, of New York, was killed while at work today on the new building of the Mutual Benefit Life Insurance Company at Board and Clinton streets. He was crushed beneath an elevator which was in course of correction, the lift suddenly giving way while being tested. Peters's home was in Brooklyn.

Tolstoi in Disfavor.

Moscow, Sept. 21.—Count Tolstoi has fallen into disfavor with the peasants about his estate in the suburb of Tula, and attempts have been made twice to kill him. Both attacks were at night and several rifle shots were fired through the windows, fortunately doing no damage. Three peasants have been arrested, but today, at Tolstoi's request one of them was released.

New York Stock Market.

New York Sept. 20.—The market after the opening ruled strong following the lead of increased activity and strength in the bond market, where New York city 4 1-2 per cent. bonds made a further advance to 107 1-2. Other important issues of bonds made irregular advances and there was an overflow of investment buying into many of the dividend paying stocks. Atchison and New York Central both made gains of over 1 point. The rest of the market showed fractional advances. There was very little London business. The marked closed strong at about the best prices of the day.

Standard Oil Revelations.

New York, Sept. 21.—John D. Rockfeller and his five great Standard Oil chiefs probably will be summoned as witnesses in the hearing being conducted in New York in the government suit to dissolve the Standard Oil Company of New Jersey, filed in the United States Court at St. Louis.

More subpoenas certainly will be issued, it was said today at the offices of Frank B. Kellogg, counsel for the government. The reply to the question as to who would be summoned was:

"Those who thus far have not been called are John D. Rockfeller, William Rockfeller, John D. Archbold, Henry H. Rogers, Henry M. Flagler and Oliver H. Payne."

The government inquiry will continue Monday into the conduct of the concern's affairs during the period of liquidation which extended through eight years after the order of the supreme court of Ohio, in 1892, declaring the trust agreement void. The federal agents believe they will show beyond question that during those eight years the trust was in operation just as before.

War at an End.

New York, Sept. 21.—War between the Pennsylvania Railroad and Western Union Telegraph Co. will end October 1. Hostilities are ended now and the public will get its formal announcement before many days. The United Press is in a position to state that the bitter warfare between the Pennsylvania and the Goulds—incidents of which were the chopping down of the Western Union poles along the Pennsylvania right of way several years ago and notice that Western Union right of way contracts along all the Pennsylvania system would not be renewed—terminated through an amicable arrangement between Gould's representatives and James McCrea, now president of the Pennsylvania. At the time the trouble began the Western Union was operating along the Pennsylvania highway east of Pittsburg without a contract. It is understood President McCrea of the Pennsylvania Railroad will shortly be made a director in the Western Union. The directors of the latter company in session here recently gave final sanction to the proposed new contract.

Result of Class Rivalry.

Columbus, O., Sept. 21.—Class rivalry at State University this year may end in death. George W. Snyder, aged 21, of Uniontown, Pa., leader of the freshman class, for the Cane rush, is unconsious today at Protestant Hospital, after hours of convulsions and suffering. Physicians fear he may die.

Yesterday he was abducted from his boarding house, badly used in his struggle to escape, placed in a wagon driven rapidly to a place 14 miles from Columbus, where he was tied in a barn. Hours later Snyder was found wandering deliriously on the street.

Jockey and Actress to Wed.

New York, Sept. 21.—Both theatrical and sporting circles the country over are agog today over the marriage tomorrow at the Little Church Around The Corner of Ted Sloan, erstwhile premier jockey of the world, and Julia Sanderson, the petite prima donna of "The Dairymaids." Miss Sanderson, who is but 21, and the daughter of an old theatrical family, secured her first big success in "Fantana," later adding to her laurels in "The Tourist." She is credited with being one of the most beautiful of the younger leading women in musical comedy.

Mysterious Suicide.

New York, Sept. 21.—Coroner Dooley is today examining a mass of correspondence found in the home of Mrs. Margaret Carter, who killed herself yesterday in the house of John J. White, jr., the retired broker, in hope of finding something that will throw light on the tragedy. Dooley is sure that Mrs. Carter went to the White house to kill the broker, and that the fact that he was so ill she could not be admitted to his apartments saved his life. White is still so ill that he has not been informed of the tragedy, and his opinion in the case cannot be secured.

Negotiations Broken Off.

Paris, Sept. 21.—It will be a fight to the finish in Morocco. Advices received here today say all negotiations have been broken off and that offensive operations against the natives have been instituted by the French commander. It is understood that the real cause for the split was the tribesmen's refusal to furnish hostages from their leaders as an assurance that the peace plans would be lived up to.

Congress of Liberal Religions.

Boston, Sept. 21.—In readiness for the International Congress for Liberal Religions which opens here tomorrow several hundred delegates from all parts of the globe are gathered in Boston. Representatives of liberal churches are here from points as far away as India. Among the distinguished foreigners is the Hon. Frederick Mason, who is leading a campaign for the distablishment of the church in Great Britain.

Warned Japanese.

Seattle, Wash., Sept. 21.—News of the arrival at the town of Atlin this morning of 57 Japanese miners, imported to work in the mine spread through the town like wild fire, and a mob of 300 whites gathered. The Japanese were escorted to the river steamer Gleaner and notified that if they did not remain away from Atlin they would suffer a worse fate than the Japanese in Vancouver. The Japanese were almost destitute.

Two Boys Killed.

Wilkesbarre, Pa., Sept. 21.—Two boys were killed and three fatally burned by an explosion of gas in the No. 4 colliery of the Lehigh and Wilkesbarre Coal Company today. The officials are at a loss to account for the presence of gas in the location where the explosion occurred. That portion of the mine was wrecked by the force of the explosion and the colliery was thrown idle.

Chamberlain's Cough Remedy One Of the Best on the Market.

For many years Chamberlain's Cough Remedy has constantly gained in favor and popularity until it is now one of the most staple medicines in use and has an enormous sale. It is intended especially for acute throat and lung diseases, such as coughs, colds and croup, and can always be depended upon. It is pleasant and safe to take and is undoubtedly the best in the market for the purposes for which it is intended. Sold by W. F. Creighton & Co, and Gibson & Timberman.

Fighting in China.

Hong Kong, Sept. 21.—Further fighting has resulted at Yo-Chow, on the Yan-Tse Kiang, with the imperial troops reported victors. The rebels, numbering 2,000, attacked the city and severe fighting followed, lasting several hours, but terminating in a complete victory for the regular force. The rebellion in the Kai-Chow district is increasing and reinforcements have been asked for.

Mayor Johnson Renominated.

Cleveland, O., Sept. 21.—Mayor L. Johnson was renominated for a fourth term by the democratic convention today on a straight three cent fare platform. Mayor Johnson absolutely controlled the convention and dictated platform and ticket. He will make the run against Congressman Burton.

Five Men Killed.

Wilmenshaven, Germany, Sept. 21.—Artillerymen unloading a quantity of ammunition at the depot here today dropped a shrapnel shell which exploded, killing five men and wounding four men and two women who were passing. One of the injured later died.

Angelo Sarto, a brother of Pope Pius, died yesterday at Mantua, Italy. He was a country postmaster.

FEAST OF TABERNACLES.

The Feast of Tabernacles, also known as the Feast of Ingathering and the Feast of Booths, will begin tomorrow evening at sunset. Services appropriate to the occasion will be held in the Jewish Synagogue on north Washington street at 6:30 p. m. This was one of the great festivals of the Jews, on which all males were required to make pilgrimages to the temple at Jerusalem.

The feast is agricultural in origin, as is shown by the ceremonies accompanying it and from the season of its celebration. It was more particularly a thanksgiving for the fruit harvest, and was likewise regarded as a general thanksgiving for the bounties of nature in the year that had passed.

The erecting of booths during the festival is a feature of the observance in many places. Some Jews erect booths in the yards of their homes and eat their meals therein. The booths are built after specific directions and of a certain size. Booths are also erected in the synagogues. The booths have a symbolic meaning, that of the shelters erected during the wandering of the Jews in the wilderness, as the following quotation indicates: "That your generation may know that I made the children of Israel to dwell in booths, when I brought them out of the land of Egypt."

There is a prophecy in the 14th chapter of the book of Zechariah which foretells a time when all nations will be required to go up to Jerusalem for the purpose of celebrating the Feast of Tabernacles.

ARREST OF SUSPECTS.

Constable A. W. [illegible] Cleveland, of Fairfax county, yesterday arrested Daniel and Frank Nelson, both colored, on suspicion of having held up and attempted to rob James Goods, a brother of Chief Goods, of the police force of this city. The crime is alleged to have been committed on Shooter's Hill on the night of the 2nd instant. Mr. Goods was returning from a picnic between 9 and 10 o'clock at night when two negroes sprang from the side of the road and caught his horse by the head, while four other negroes stood near by. Mr. Goods struck one of the footpads and lashing his horse the animal collided with another of the negroes, knocking him down, after which Mr. Goods drove to this city. The darkeys were placed in the station house in this city and this morning were turned over to the officials of Fairfax county. The prisoners protest innocence of the crime of which they are charged.

REOPENING OF A CHUROH.

The re-opening exercises of Roberts Chapel M. E. Church (colored) Rev. J. W. Colbert, pastor, will take place tomorrow at 11 a. m. and 8 and 7:30 p. m. Rev. R. H. 7:30 o'clock p. m.—Invocation, Rev. R. H. Lyles; scripture reading, Rev. C. G. Cummings, B. D.; sermon, Rev. W. H. Gaines.

THE MOTOR BOAT RACE.

Much interest has been manifested today over the race this evening between the motor boats owned by Mr. R. Bruce Emerson and Mr. William E. Moore. Many wagers have been made on the result. The boats left this city shortly after 3 o'clock this afternoon for the starting point, the black buoy between Fort Washington and River View, and the finish will be a stake boat anchored in the channel off the Prince street wharf. Many people, including numbers of Washingtonians, gathered on the wharves and the hills overlooking the river for the purpose of witnessing the race. The boats had not returned when the Gazette went to press.

NO EVIDENCE.

The grand jury of the Fairfax Circuit Court this week investigated the charges which had been preferred against Mr. W. T. Oliver, the democratic nominee for the House of Delegates, who, it was charged, had paid the poll taxes of a number of voters in that county. A large number of witnesses were examined, after which the grand jury reported that there was no evidence to convict Mr. Oliver of the charges brought against him. The matter was then dropped and Mr. Oliver received the congratulations of many of his friends.

BETHANY M. P. CHURCH.

All the improvements contemplated by the Bethany M. P. Church having been completed, at a congregational meeting held last night the membership tendered to Mr. J. T. Haring, chairman of the improvement committee, a rising vote of thanks for his work, he having given his undivided time and attention since its inception. He replied in a feeling manner to the complimentary remarks made.

ENGINES SIDEWIPE.

The locomotives attached to two South[illegible] Railway freight trains sidewiped each other at the crossing at Seminary [illegible], a short distance west of this city, at an early hour this morning. Both engines were considerably damaged. The accident was caused by a fog which prevailed at the time.

SERMON TO YOUNG MEN.

Rev. J. R. Sevier, pastor of the Second Presbyterian Church, will preach a special sermon to young men tomorrow night. The minister will deal with some of the problems which confront all at the cross roads of life.

THEORY AND PRACTICE.

In M. O. the Latter Generally Exposes the Falsity of the Former.

The theory of municipal ownership is that municipal corporations can do for the public at cost the service now done by private corporations at a profit, saving to the public the amount of the profit in reduced charges.

In the common practice of municipal ownership the city does for the public at increased expense, but for a lower price, what private corporations have been doing for a profit. Usually not only the profit is absorbed in the increased expense, but a continual annual deficiency is covered up by increase of the municipal debt and failure to provide out of earnings for depreciation of plant.

By the time the plant first installed is worn out the city, unless very rich and strong, is apt to be at the end of its credit. In many cases, like that of the Philadelphia gas works, a private corporation gets the city plant for a song and makes money out of it faster than ever. The fundamental idea of it, therefore, is to take the money of taxpayers to render service to non-taxpayers for less than the service costs.—Editorial in Minneapolis Tribune.

M. O. IN MILWAUKEE.

Unwarranted Action of the City Council in the Wisconsin Metropolis.

If you authorize an agent to purchase a piece of property for you at $5,000 and he finds that it will cost $13,000 and goes ahead and buys it without consulting you on the ground that you had said that you wanted the property, your words would probably not look well in print. This is practically what has just been done in Milwaukee, the first party being the taxpayers of that city and their agent being the city council. Some time ago the people of Milwaukee voted to authorize a bond issue of $500,000 to install a municipal lighting plant.

The city fathers found that the estimate was $800,000 too low and passed a resolution to issue bonds to the extent of $1,300,000. The city comptroller at first refused to sign the necessary papers on the ground that in view of the great difference in cost the matter should be again submitted to the people. This point was, however, overruled by the city attorney. If his opinion is good law, the law is bad, for it permits the agents of the people to abuse their powers with impunity.

Why Kirkwood Shut Down.

Some time ago the city of Kirkwood, Mo., was reported to have shut down the generating plant of its electric light plant and made a contract for current with a private company. The arrangement was not, however, consummated, for the company, Mayor Ochterbeck claims, did not act in good faith. The mayor gives the further frank statement in regard to the municipal plant:

"Our plant was built about the year 1901, and on account of its being a municipal matter the city did not get all up to date plant and is today suffering from having a plant that does not meet the requirements, and the cost of production is too high; consequently it does not pay the city if we take into consideration depreciation and the interest on our investment."

Two Diverse Estimates.

The question of installing a municipal lighting plant at Hancock, Mich., has been laid at rest for five years at least, a contract for that period having been made by an almost unanimous vote of the aldermen. This matter has been under discussion for some time, and an estimate of the cost of a plant was obtained from an engineer. The amount of this estimate, $15,000, seemed so low that one of the aldermen got another estimate from an entirely disinterested engineer, who figured that the cost would be $33,000.

Interest Goes Right Along.

In 1898 Greenwood, S. C., issued 5 per cent bonds to the amount of $57,358 for a water and light plant. The last report available shows that none of the bonds has been paid, but the generating plant has been shut down, as it was found to be cheaper to buy current. A contract has been made for ten years, at the end of which period the plant will in all probability be too antiquated for effective service, so that it might as well be written off the books—but the interest on the bonds keeps right on.

A Municipal Overflow.

Of the fads that have swept o'er the country—
The Lawson fad, Dunne fad and Hearst—
I think—but I may be mistaken—
The fad called M. O. is the worst.

The city would have M. O. bake shops
To furnish municipal bread.
M. O. undertakers would follow
To box the municipal dead.

We'd have a municipal dentist
Who'd put on municipal crowns;
All kinds of municipal worries
To furnish municipal frowns.

A million municipal silkworms
Would weave our municipal silk;
Ten thousand municipal babies
Cry out for municipal milk.

We'd have a municipal barroom,
Municipal whisky and gin.
The spree would be charged to the city!
'Twould be a municipal sin.

When out in municipal snowstorms
You'd wear an M. O. mackintosh.
You'd go to the M. O. theaters
To hear the municipal bosh.

You'd have to be full of M. O. love
To please your municipal wife.
Each awful municipal moment
Would make up municipal life.

Your dear M. O. heart would be aching.
You'd heave a municipal sigh.
If sure of no M. O. hereafter,
You'd jump this M. O. life and die.

—Thomas E. Burke.

Had Tetter for Thirty Years.

I have suffered with tetter for thirty years and have tried almost countless remedies with little, if any, relief. Three boxes of Chamberlain's Salve cured me. It was a torture. It broke out a little sometimes, but nothing to what it used to be.—D. H. BEACH, Midland City, Ala. Chamberlain's Salve is for sale by W. F. Creighton & Co., and Gibson & Timberman.

To Users of Power

Do you know, Mr. Power User, that we can operate your plant cheaper by electricity than you possibly can by steam or other methods? Write or telephone us, and we will call and explain why. Here are the names of some of the manufacturers who are using our power:

Conserve the Rights of All.

Thus far municipal government in this country has not been a success, and one of the duties, one of the burdens, of the generation now coming on to assume the responsibilities of citizenship is the cleansing of the Augean stables of municipal corruption and the uplifting of the tone of state legislators, so that while the interests of the public shall be sacredly preserved the rights and the reasonable profits of the corporations enjoying public franchises shall be carefully and impartially protected and maintained.—Hon. William H. Taft.

Contract Renewed.

A determined effort was made last spring to launch Patchogue, N. Y., into a municipal waterworks project. A special election held to act in the matter resulted in renewing the contract with the company for twenty years. The village clerk writes that the vote was largely in favor of this action.

Beating the City Plant.

Ruralites have a scheme to beat the municipal plant to a frazzle. There is no charge at Eaton Rapids for porch lights when next to the street. So out go the lights in the house after supper, and the evening paper is read on the porch in the midst of myriads of bugs. But it's cheaper.—Detroit News.

Wise Decision at Sparta, Tenn.

At an election held in Sparta, Tenn., on June 27 upon the question of whether or not the town should issue $40,000 in bonds with which to own and operate a municipal electric light and waterworks plant the proposition was defeated by a vote of 95 to 18.

Both Are There.

Stomach troubles, Heart and Kidney ailments, can be quickly corrected with a prescription known to druggists everythere as Dr. Shoop's Restorative. The prompt and surprising relief which this remedy immediately brings is entirely due to its Restorative action upon the controlling nerves of the Stomach, etc.

A weak Stomach, causing dispepsia, a weak Heart with palpitation of intermittent pulse, always means weak Stomach nerves or weak Heart nerves. Strengthen these inside or controlling nerves with Dr. Shoop's Restorative and see how quickly these ailments disappear. Dr. Shoop, of Racine, Wis., will mail sample free. Write for them. A test will tell. Your health is certainly worth this simple trial. Sold by E. S. Leadbeater & Sons.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act June 30th, 1906. Serial number 1098.

A Humane Appeal.

A humane citizen of Richmond, Ind., Mr. U. D. Williams, 107 West Main St., says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation." It saves more live than all other throat and lung remedies put together. Used as a cough and cold cure the world over. Cures asthma, bronchitis, croup, whooping cough, quinsy, hoarseness, and phthisic, stops hemorrhage of the lungs and builds them up. Guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.
